To Whom It May Concern,

It is my pleasure to share this letter of endorsement for MSgt(ret) Cameron Voorhees who served as Airman Musician in our United States Air Force Bands for twenty years. I was fortunate to work with Cameron from 2009 – 2013 and can personally attest to his incredible musicianship and personal character. He displayed unique guitarist capabilities with mastery in a full range of styles including rock, pop, jazz, classical, and solo improvisation. Few could match his experience and depth of repertoire. He was more than a guitarist, jumping in to play piano and synthesizers with short notice, including improvisation and also showing a real talent for arranging his own compositions for our groups. This aided in his successful leadership as a non-commissioned officer in charge of our jazz ensembles. Cameron remained reliable and amazingly capable of performing, creating, and leading musical products to success before thousands of people on behalf of our nation.

In addition to his core musical capabilities, he set a high standard in personal character and outreach. His work ethic, professional demeanor, and communication skills were always appropriate and his personal conduct provided nothing but the best-example for others to follow. Cameron has conducted high school and college level master classes for the Air Force Band, as well as serve his local church as a youth program guitar instructor. He effectively shared his skills with students young and old, providing expert knowledge and pedagogy perfectly suited for the level of students.

I know MSgt(ret) Cameron Voorhees would be a valuable addition to any team. He has a proven record of success with personal character that brings out the best in others. Feel free to contact me if I can assist any further: daniel.boothe.2@us.af.mil
